

Journal No. 1. October 1st 1863  
Left San Francisco & came to the head  
of the Golden Gate at 10 A.M. and  
was here at 12 M. and found the water  
very muddy and turbulent. The water  
was about 10 feet deep and the  
current very strong. The water was  
so muddy that it was difficult to see  
anything in it.
